His father died in a car accident in 2015 leaving his wife a widow and two very small children, one of them in the cradle. The mother does not work. She looks after her children and cannot work since they are too small to leave them alone. Recently they moved from their old house in a faraway village to the outskirts of Vushtrri town, in a house built by some charitable people. They do not have anything from the income apart from a social aid and what we give to them.
